

Original BMW Accessories M Performance Silencer System M3 (F80) M4 (F82, F83)

NEWS:

- New product

Product description

From the racetrack straight to the road: The lightweight valve exhaust system with titanium rear silencer generates a highly emotive sound redolent of racing sports. It has been developed especially for the 3 Series and 4 Series M models. In visual terms, the two 80 mm dual tailpipes made from titanium with the M logo create an unmistakable appearance. 93 mm tailpipe finishers made from carbon with the M logo are also available.

Sales features / benefits

- The M Performance silencer system gives the tail of the car a **striking and individual appearance**.
- The perforated inner pipes represent the ultimate in **high-tech and sportiness, accentuating the individual character** of the BMW M.
- High-quality alternative: Customers can choose between **tailpipe finishers made from titanium or carbon**, thereby making the car's design even more individual.
- Sounds like performance: The Motordynamic button allows the selection of **multiple modes**, which influence the exhaust system's performance.
 - **Sport and Sport+ Mode:** Maximum emotional sound, very sporty, very loud, maximum performance.
 - **Efficient Mode:** Sporty sound, significantly sportier and more emotional than the standard system, but with residual comfort for uncompromising everyday use.
- The optimised exhaust gas conduction system amplifies the characteristic 6-cylinder bi-turbo sound and accentuates the **sporty driving feel**.
- The silencer system comprises a high-quality material mix, in which the pre-pipes are made from **lightweight stainless steel** and the rear silencer is made entirely from **titanium**.
- **Lightweight:** The silencer system is 32% (8 kg) lighter than the standard component.
- The silencer system has been developed using the latest CAD and FEM technology. This ensures an **optimum fit and superlative manufacturing quality**.
- **Simple installation:** The silencer system can easily be installed by screwing it into place. No welding is required.

Titanium tailpipe finishers
